

NW Lady Bombers Select Fastpitch Program

The NW Lady Bombers Fastpitch teams are a newly added program of Northwest Baseball & Softball Academy. As a not-for-profit educational organization, Northwest Baseball & Softball Academy has been committed to fostering the development of young athletes since 1996. By focusing on quality instruction the Academy has set itself apart from other commercial baseball facilities. With an indoor facility located in Lynnwood, Wash., the Academy offers summer competitive teams, fall instructional and competitive teams, winter pitching/hitting classes, and year round instructional camps. The 6,000-square-foot indoor baseball facility is set up to allow teams to practice all aspects of the game: hitting, pitching and fielding. This year we are excited to add fastpitch softball to our programs as well as additional quality coaches to our staff.

The goal of our select fastpitch program is to provide top-level instruction within a strong supportive environment that fosters the development of the female athlete. Our player developmental process encompasses more than just softball. We cultivate strong academic standards, increase social skills and foster community involvement. Our players are taught to set goals and they strive to attain them. The high level of competition showcases the players athletic ability and gives them constant re-affirmation of their progress toward their goals.

Player development through quality instruction

The coaching staff is dedicated to player development through quality instruction. Throughout all of the programs there are three main areas of focus:

- Raising self-esteem through goal setting and attainment, self-discipline, teamwork and proper physical conditioning.
- Skills related to communication, professional conduct, self-motivation and awareness, as well as accepting responsibility for one's own decisions.
- Mechanical techniques and mental development as it pertains to softball.

Why we need your support

The girls who are the NW Lady Bombers are dedicated athletes who are looking forward to an experience that will allow them to grow as athletes and young women. Community support is an integral part of providing a youth athletic program that will help young players attain set goals in sports and in life. Your tax-deductible donation to this program will assist the Academy in purchasing equipment, paying for tournaments, fields, umpires and uniform expenses as well as meeting other critical needs of this youth fastpitch program.
